

IT Project Manager

Home-Based

This is an exciting opportunity to join our vibrant, rapidly evolving business as an IT Project Manager, supporting our operating businesses by ensuring that project and business objectives, clarified by IT Business Engagement Managers, are clearly articulated, prioritised and delivered alongside the IT Transformation Roadmap.

Redde Northgate was formed in early 2020 following a successful merger, bringing together a broad mix of market-leading operating companies to become the UK's foremost integrated mobility solutions provider. IT is at the heart of our business and we continuously review how we deliver our services, the innovation opportunity we provide and our overall approach to the demands of our growing, corporate business.

Joining our newly formed IT Business Engagement team in the early stages of our exciting transformation journey, you will play a central role in the success of our diverse project portfolio.

Alongside all the usual responsibilities that come with an IT Project Manager role this is a great opportunity to join the team, help shape ways of working, be a key influencer in how we deliver our transformation journey and ultimately how successful we can be.

About you

- You can demonstrate proven experience of delivering complex business change and IT projects
- You are comfortable operating in both Agile and Waterfall delivery methodologies
- You have an exceptional ability to plan, prioritise and manage resources within a collaborative one team environment
- You proactively build exceptional working relationships with internal and external stakeholders to maximise engagement and shape the decisions of business leaders through well-informed views
- Your successes are built on your ability to work at pace, setting out a clear vision for a project and bringing people on the journey to delivery

As IT Project Manager, we offer you:

- A starting salary of up to £50k pa, negotiable to reflect your technical knowledge and depth of experience
- Additional employee benefits (incl. employee assistance, life assurance, pension, retail discounts etc.)
- Permanently based at home with visits the office when required
- A supportive, like-minded peer group of senior stakeholders and IT specialists all aiming for the same goal
